Subject: Information you asked for on Idaho

Anna,

Attached are a number of documents for your information.

- *Idaho Options – Rationales and legal Risk:* This is a June 2018 briefing document with options for moving forward with the Idaho HHC WQS submission. This document includes legal risks for each option that we prepared with OGC input.
- *Idaho HHC Background and Options:* This is a power point used to brief you in August 2018. The end of the presentation includes options that were refined from the June document. This version does not include legal risks, but does articulate how ME or WA decisions would effect a specific decision in ID.
- *Maine WQS impact to ID and WA:* This is a document that we prepared in November 2017 when we evaluating what option to take with respect to the ME action. We ultimately landed on moving forward with Option 2a and 2d – so that is the part you should focus on for potential impacts to the decisions in ID and WA.

Let me know if you need any other information or have questions.

-Deborah
